

Kitty's Vacation Bag Checklist

Pre-packaged Food

Kitty's food must be pre-packaged, per meal, in ziplock bags or a \$10.00 fee will be applied. Canned food can remain in the original container.

Specialty Litter

We do supply litter for your feline family, but some are particular to their own from home.

Vaccinations

Rabies, Distemper and Feline Leukemia vaccination papers must be emailed or faxed from your vet prior to arrival (262-965-5751).

Medications

Medications & vitamins need to remain in the original container or package, not in food bags.

Toys

Favorite, safe toys are welcomed.

Bedding

For your kitty's comfort, please leave all blankets, bedding and pillows at home as we supply all of your kitty's needs. This enables your kitty to have fresh, dry bedding daily.

Dishes

Please leave bowls and dishes at home. We use our own stainless steel dishes which are washed daily.

Vacation bags are available for \$9.95. Pack all your kitty's items inside and receive \$2.00 off every stay.

Please inform us if your kitty would like a vertical room for more climbing or a horizontal, ground level room.
